DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 12 November 2004 has been entered.

Election/Restrictions

2. The restriction requirement is presently withdrawn, claims 3-32 because claim 1 is considered to have allowable subject matter (for reasons to be indicated herein below) and the remaining claims 3-32 depend from claim 1.

Claim Objections

3. Claim 1 is objected to because of the following informalities:
- in claim 1, line 9, before "layer" insert --transparent conductive-- for clarity.
- Appropriate correction is required.
4. Claim 3 is objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form.

Allowable Subject Matter

5. Claims 1 and 2 are allowed.
6. The following is a statement of reasons for the indication of allowable subject matter:
Examiner finds Applicant's arguments convincing regarding the combination of the Fujii reference with the dummy heater cell of Brandt not producing an equalized electric potential between the substrates in Brandt because only one substrate has conductive materials present thereon, as argued at p. 7 of the Response filed 12 November 2004. Accordingly, the rejection of the claim under 35 USC 103(a) over Brant in view of Fujii and Ueda is withdrawn.

Conclusion

7. This application is in condition for allowance except for the following formal matters:
canceling claim 3 and properly fixing the dependency of the claims depending from claim 3.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
